

Dipl-Wirtschaftsingenieur, Head of Finance (CFO)

Stefan Heimsoth

Stefan Heimsoth (1972) was appointed Head of Finance (CFO) of BioAtrium on 1st April 2018.

Stefan held various finance positions with increasing responsibilities in different countries over the past 17 years.

Before joining BioAtrium Stefan was a member of the Exective Board of GE Grid AG in Oberentfelden Switzerland running a manufacturing facility for Gas Insulated Switchgears (GIS) with more than 200 employees.

He started his career in Germany as project controls manager at Herrenknecht Tunneling Machines to then join Alstom Switzerland and later Alstom Power Netherlands to support the financial oversight of large scale power plant projects with contract volumes exceeding 800m EUR. Before returning to Switzerland Stefan worked 2 years for Alstom and then GE in Singapore as Finance Director and Board member of the legal entity.

Stefan holds a Master degree in Civil Engineering as well as a Master in Business and Engineering.

Stefan is a German citizen.
